Website Projects – Screenshots and Explanation

Name: Ramini Vijay Naga Sai Charan **Section:** CSE-2 **Branch:** Computer Science and Engineering

1. Personal Portfolio Website

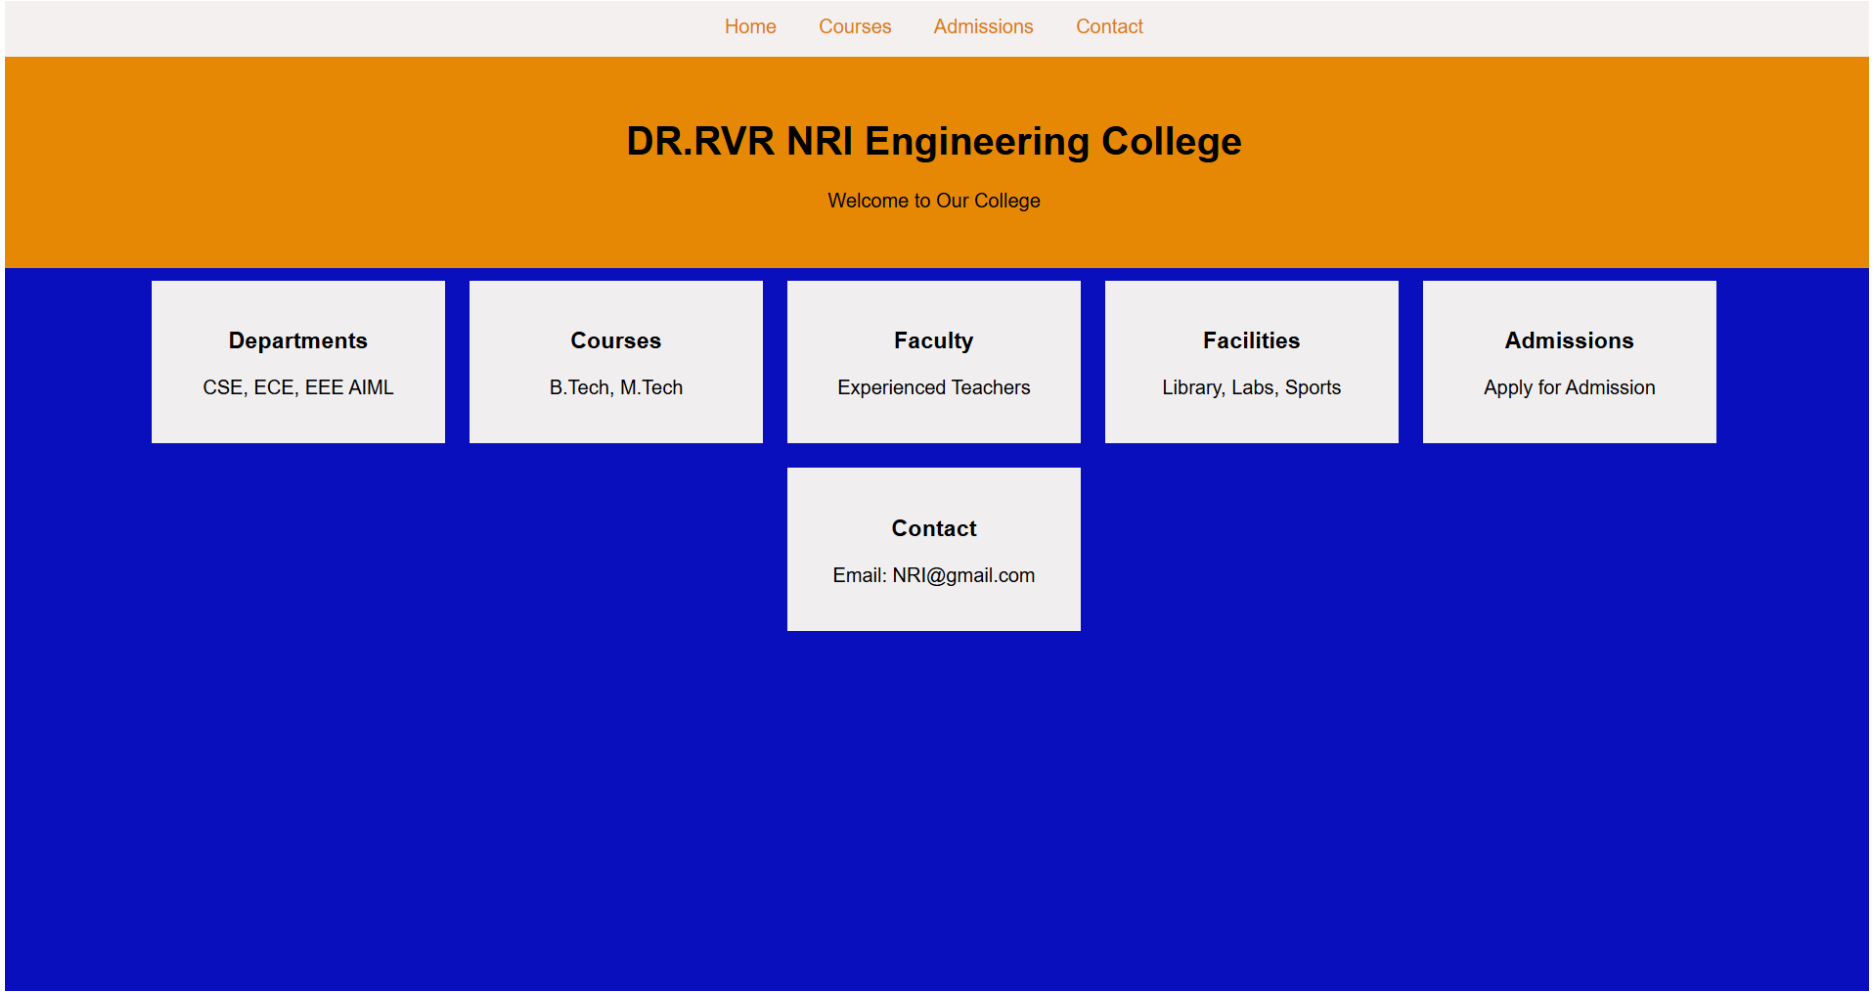

Explanation: This website presents the student's profile in one place. It includes an About Me section, educational qualification, technical skills, projects, hobbies, a resume link, and contact information. The top navigation links help visitors move between sections. The simple layout uses a dark header, a light background, and separate white content cards.

3. Movie Review and Rating Website

Explanation: This website displays movie posters in separate cards. Each card shows the movie title, genre, release information, cast, and a View Reviews button. The dark background and red header/buttons create a movie-themed design. The page is organized as a grid so visitors can compare movies and find review information easily.
